PROFILE

A marketer who builds AI systems that run in real businesses. 7+ years in marketing and sales, and my own product sold about 3,000 copies. I test every solution with real cases before a client sees it.

EXPERIENCE

since 08/2026	**Founder, VCSLV (AI automation and websites), Austria** 60+ website drafts for businesses in Vorarlberg with automated quality checks, analytics on Cloudflare, approvals via a Telegram bot, publishing through the Instagram and YouTube APIs.
since 10/2026	**AI assistants for phone and website** Phone (ElevenLabs, Twilio): 40 simulated callers, about €0.11 per minute. Website (Gemini): prices computed in code, 27 test questions with no invented facts.
2020 – 2022	**Sales and marketing, new-build apartments, Ukraine** Consultation, presentations, follow-up to close.
2015 – 2022	**Founder, HANUMAN professional, Kyiv** My own training journal: about 3,000 copies sold, marketed via social media; grew my own Instagram to 10,000 followers.

EDUCATION

2008 – 2012	**Bachelor in Marketing** National University of Life and Environmental Sciences of Ukraine, Kyiv
